NEPTUNE™

the industry's first freestyle™ design

Developed for all ages and lifestyles, the lightweight Neptune™ sound processor features the industry's first freestyle™ design, allowing you or your child to hear your world with the comfort and beauty of nothing on the ear. Only Neptune gives you the freedom to choose your wearing style—in your hair, on your arm, under your collar, in your pocket—thanks to an array of flexible accessories. Whether you want to take it for a swim, tuck it away discreetly, or show it off with a wide range of fashion-forward colours, the freestyle design lets you wear it how you like it!

HEADPIECES

designed for **comfort, convenience, and style**

There are two headpiece options for use with Advanced Bionics sound processors: the Universal Headpiece and the AquaMic™ Headpiece. Compatible with all AB processors, the Universal Headpiece has been developed for use during everyday activities and features a sleek, low-profile design. Fully waterproof for use with the Neptune sound processor, the AquaMic is designed for hearing while swimming, bathing, and showering. Headpiece caps and cables come in a variety of colours to choose from for mixing and matching or blending in with hair and skin.

T-Comm™ Accessory*

Sharper Sound. Natural Microphone Position. Convenience.

The T-Comm™ is a lightweight accessory for the Neptune™ sound processor. The T-Comm delivers the natural microphone placement of the T-Mic™ microphone, easy connectivity, and a built-in T-coil. This accessory is designed to provide recipients with greater clarity, comfort and convenience for hearing their world.

** T-Comm must be detached from the Neptune processor prior to use in water. UHP to Harmony cable and T-Mic are required for use of the T-Comm and must be purchased separately. A full T-Comm kit is available for order, containing all necessary accessories. Please contact your local customer service for more information.*
