

The Listening Room™

All-new rehab resource for people with hearing loss

Learning to hear your best
just became much easier
and a lot more fun.

Completely **redesigned** and **reimagined**, The Listening Room™ is a one-of-a-kind, feature-rich website delivering dynamic rehab exercises **tailored for all ages** and **levels** of hearing loss.

-  Learn to discriminate sounds and speech more easily
-  Practice listening with fun, engaging exercises
-  Develop your appreciation of music
-  Track and share your progress
-  Rate the exercises and see how other users rate them
-  Follow lesson plans created by your hearing healthcare professional

For more information on the wide range of educational resources available through Advanced Bionics, including the rehAB series of interactive rehabilitation tools, visit AdvancedBionics.com.

To get the maximum benefit from your cochlear implant technology, it is important to devote as much time and effort as possible to rehabilitation exercises. No matter what your age, learning is more successful when the lessons are fun and interactive. The more you practice, the more likely you are to improve your hearing, so take advantage of this unique resource today.
