SKY CI M

SKY CI M SOUND PROCESSOR DESIGNED WITH KIDS IN MIND

For over 25 years, **Advanced Bionics** has been the cochlear implant innovation leader. In partnership with **Phonak**, one of the world's leading providers of hearing aid solutions, we're introducing the world's first cochlear implant (CI) solution dedicated to children and their needs—**Sky CI™ M sound processor**.

Leveraging the power of Phonak's **Marvel Platform**, Sky CI M offers your child a flexible hearing solution that's designed specifically for their unique journey—from baby to teen to adult.

Designed for connecting your child to the moments that matter the most, Sky CI M provides:

-  **POWERFUL HEARING EXPERIENCE**
-  **FLEXIBILITY FOR YOUR GROWING CHILD'S ADVENTURES**
-  **ULTIMATE EASE OF USE**

Waterproof Solution

With the M Waterproof Battery, your child continues to enjoy the same great hearing experience in any activities and any environment.

Powerful Hearing Experience

Combines established Phonak Marvel platform with proven AB sound processing, designed for excellent sound quality and performance.

Dedicated Paediatric Operating System

Designed with children's listening environment in mind, AutoSense Sky OS 3.0 automatically senses the sound and setting your child is in.

SKY CI M

Colour Options

A variety of fun colours to suit your child's personality, designed for higher wearing acceptance.

Fully Integrated Wireless Connectivity

Connect to virtually any Bluetooth®-enabled device, and enjoy Phonak Roger™ technology with no additional attachment thanks to built-in RogerDirect™.

Two-Ear Hearing

The most advanced technology for consistent sound impression and hearing with both ears, in real-time, with Sky CI M and Sky Link M.
