POWERFUL CONNECTIONS

INTRODUCING MARVEL CI

Dear Hearing Health Care Partner,

For over 25 years, Advanced Bionics has been the cochlear implant innovation leader. Now, in partnership with Phonak, one of the world's leading providers of hearing aid solutions, we are thrilled to bring the highly successful Marvel hearing aid technology to your cochlear implant candidates, recipients and families.

We are confident that our new product offerings will help you, your patients and families open a new chapter of success.

Welcome to the world of powerful connections.

TARGET CI

DESIGNED FOR EASIER,
FASTER, SMARTER FITTING

You want to spend more time with your patients than you do with the software. You are looking for a smarter fitting tool that offers the latest technology to deliver patient comfort and satisfaction. The new Target CI is the efficient, intuitive, and cutting-edge fitting software you've been waiting for.

- Sound processor and bimodal hearing aid fitting with one software in one session
- Noahlink Wireless compatibility means freedom and flexibility during programming
- Noah database compatibility facilitates easy management of patient data
- User-centered design and default settings, including Junior Mode for children, optimised for CI patients
- Training mode replicates complete patient fittings to help you learn the software

CONNECT WITH THE MOMENTS YOU LOVE

SKY CI M

THE WORLD'S FIRST CI SOLUTION DESIGNED FOR CHILDREN

We want to give our children the world. As they grow, they should hear their best whether at home, at school, or in the playground. The Sky CI™ M sound processor offers your paediatric patients the proven technology platform from the world's leading paediatric hearing aid in the market, Phonak Sky.

- **Connectivity** to virtually any smartphone and **RogerDirect** for streaming all day at school and at play
- **AutoSense Sky OS™ 3.0 operating system** designed with paediatric listening situations in mind
- **Small waterproof battery** is swimming and bath time ready
- **Wearing options** customisable to a growing child
- **Child-preferred colours** designed for higher acceptance
- **AB Remote app** provides convenient and discreet management of hearing devices

NAÍDA CI M

BRINGING THE BENEFITS OF PHONAK MARVEL TO CI WEARERS

Naída™ CI M sound processor offers your patients a powerful hearing experience with excellent sound quality in a variety of situations and built-in connectivity solutions. It provides effortless comfort and convenience with its ergonomically designed housing and accessories, and ultimate ease of use for staying connected throughout the day.

- **Built-in connectivity** with **Bluetooth®** and **RogerDirect** for streaming all day and hands-free calls
- **AutoSense OS™ 3.0 operating system** minimises the need for manual adjustments
- **Optimised bimodal performance** with Naída CI M and Naída Link M
- **Unique ergonomic housing and slim headpiece** for a comfortable and secure fit
- **AB Remote app** provides convenient and discreet management of hearing devices
